

Workshop: State and Local Resources for Small Business Defense Contractors

This workshop is funded in part through the Governor's Office of Business and Economic Development's CASCADE Program

New City Incentive Programs Small Business Defense Workshop

November 22, 2019

Business Incentive Program

Qualifying Businesses

Economic Base Sector Firms

Base sector firms produce goods and/or provide services that are **primarily** sold within and outside of San Diego County.

Manufacturing & Innovation Economy

International Trade
& Logistics

Military & Defense

Qualifying Criteria

OR

OR

**Create/Retain
10 or more jobs for at
least three years**
Pay 80%-120% of AMI

**Create/Retain
3 or more jobs for at
least three years
located within LMI**
Pay 80%-120% AMI

**Make \$5M in new
capital investment**
Investment used for
business attraction,
retention or expansion

BIP Online Application

The screenshot shows the City of San Diego website's Economic Development section. The main heading is "Economic Development". Below it, there are several tabs: "Economic Development Home", "Why San Diego?", "Start, Expand & Finance Your Business", "Tax Incentives", "About Us", and "Other Resources". The "Start, Expand & Finance Your Business" tab is selected, leading to the "Business Incentive Program" page. The page title is "Business Incentive Program". Below the title, there is a section for "Preliminary Application" with a "Contact Information" sub-section. This section contains fields for "First Name", "Last Name", "Phone", "Mobile", and "Email", each with a red asterisk indicating a required field. There are also radio buttons for "Preferred method of contact" with options for "Phone", "Mobile", and "Email". A "Feedback" button is visible on the right side of the form.

www.sandiego.gov/BIP

Business Cooperation Program

How does the BCP work?

EXAMPLE: \$1,000,000 Taxable Sales/Purchasing Activity
(Local Tax = 1% or \$10,000)

1. Allocated to the County Pool (Typical)

City receives 48% of local tax (\$4,800)

2. BCP Sharing Agreement for 5-years

City always retains - 55%

Company receives up to - 45%

3. Directly Allocated to City of SD

City receives 100%

4. Recovered Tax with BCP

City receives \$5,200 more

After 5-years = 100%, or \$10,000 annually

Example- City Projects

Morena Pipeline

Construction Contract Value: \$26M

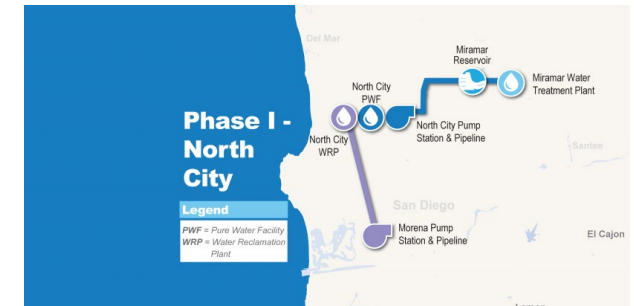

North City Pure Water Facility

Contract Value: \$374M

North City Pure Water Pipeline

Contract Value: \$88M

North City Water Reclamation Plant

Construction Contract Value: \$147M

Metro Biosolids Center Improvements

Contract Value: \$28M

Water and Sewer Capacity Bank

Concept

- Modeled after Sacramento County Regional Sanitation District
- Capacity charges imposed if property improved pursuant to CA Govt. Code
- Capacity rights are a property right
- Millions of Gallons Per Day (GPD) of capacity rights “stranded” when industrial sites are converted to commercial use
- Proposal will allow the City to buy-back or accept tax-deductible donations of stranded capacity which can be effectively re-sold to other users

Capacity Procurement

- As sole buyer, only City can obtain stranded capacity
- City will acquire capacity via competitive process
- No rate-payer funds will be used
- Capacity Bank - \$750,000 of EZ program income allocated

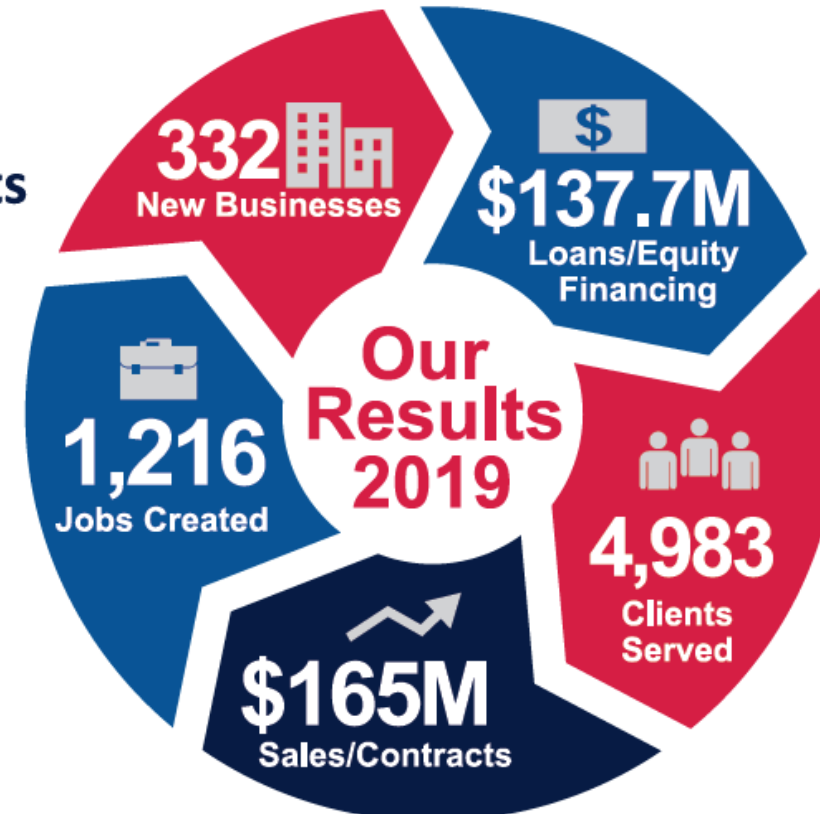

Customers and Sales

- Capacity to be sold based on tiered rate structure based on cost
- Lower rates for manufacturing operations vs. R&D operations
- 25% of bank capacity reserved for small industrial businesses
- Capacity rights to be sold where capacity exists and is unutilized

CONNECTORY

CONNECTORY

- Data warehouse of detailed capabilities profiles: Industrial and Technology companies across all industries
- Regional, Internet Buyer-Supplier Network
- B2B tool and Economic Development Tool
- Old model grew through partnerships
- New model inserts automation, analytics, CRM

CONNECTORY

Connectory – Past, Present, Future

- Response to economic challenge
 - Recovery from post-Cold War recession (1990s)
 - Identify new markets for core capabilities, capacities
- Value-added during growth periods
- Resiliency against economic upheaval
- Insight into cluster growth, emergence, convergence
- Original Goal: User-Driven Content Development via Regional Partners
- New Vision: Increased Content Automation fuels Big Data Analytics

CONNECTORY

What sets Connectory
apart?

Level of detail – **data granularity** on company:

- ✓ Products/Technologies/Services
- ✓ Capabilities/Core Competencies & Capacities
- ✓ Products/Technologies/Services
- ✓ Demographic Info:

Company names, locations, key personnel, NAICS, web site, email links, size and revenue ranges

Industry sector agnostic:

- ✓ Cuts across **all** industry **sectors**
at **every level** of supply chain

CONNECTORY

Defining
Connectory.com®
Coverage - NAICS

1. Manufacturing	Sector 31, 32, 33	Product (proprietary), OEM, & Contract (Build to to Spec) Mfg.
2. Technology / R&D	Products- Sector 31-33; 51, Information, Sector 54 – Scientific & Professional Services	Firms develop/license technologies but do not manufacture
3. Industrial Suppliers	Sector 421 - durable goods, 422 – non-durable	Supplier focus; <u>NOT retail</u> .
4. Technical Services	Sectors 51 – Info, 54, Scientific & Professional, 48 – Transportation & Warehousing	<u>NOT Personal services</u>
5. Construction & Trades	Sector 23 - Construction	Contractors License required
6. Raw Materials: Agribusiness & Mining	Sector 11 – Agribusiness Sector 21 - Mining	Relatively recent addition to coverage

CONNECTORY

Architecture

CONNECTORY

Connectory Advantages for Defense Companies

- Increased exposure to opportunities:
 - Government Contracting/Sourcing
 - Strategic Alliances/Team Building
 - Corporate/Subcontracting
 - Market Diversification
 - International Trade
 - Technology Transfer/Commercialization
- Communication/Networking Resource
- Internet Presence for Underserved Firms
- Promotion of Regional Industry/Technology
- Planned/Funded Improvements (CRM, Increased Analytics, Collaboration Tool)

CONNECTORY

Benefits for Suppliers

- Assess and Define Core Competencies
- Research Potential Customer's Business/Needs
- Identify Potential Strategic Alliance Partners
 - ✓ Complement Strengths
 - ✓ Address Weaknesses
- Place Small Business in Path
 - ✓ Alliance/Teaming Opportunities
 - ✓ Untapped Markets/Customers/Investors
- Support Marketing, Presentations, Packaging

CONNECTORY

Benefits for Buyers

- Increases source pool of potential suppliers
- Information is deep and wide
- Coverage goal is comprehensive across
 - California defense industrial base
- Leverages long term investment
 - Both public and private
 - Infrastructure in-place
- Non-Profit “ownership” places high value on inclusiveness
 - Small, disadvantaged firms not precluded by cost
- Expansion ongoing, updates continuous

Company Name

About

Pacific Plastics Injection Molding

Established 1980 | Employees **** | Revenue \$**** | <http://www.pacificplastic.com>

About The Company

PPIM provides a single source for injection-molded plastic parts, product design and design support, in-house and offshore tooling, and value-added assembly and packaging services. ISO 9001:2015 registered, the company has 30 employees and an 18,000-square foot facility in Southern California.

Providing high-quality, custom plastic molded parts with associated tooling, design and product development concentrating on complex engineering parts, servicing the electronics, medical and consumer markets.

We concentrate on complex engineering parts for the medical, electronics and consumer markets. Fully integrated operation-complete design, tooling and production capabilities under one roof. An extensive network of domestic and offshore resources is also available as appropriate. Extremely fast response with high technical competence across the board to get you through development, tooling and into the market with minimal schedule risk. Close working relationships with our customers are core to our success. The better we understand your requirements and objectives, the more effectively we can help you optimize your product. Outstanding ISO-certified Quality System, which enables us to provide high-quality parts in a consistent, cost-effective and timely manner. A Diversified Plastics, Inc. company, Pacific Plastics Injection Molding was founded in 1980. Our 35 employees operate from our 20,000-square foot (1672-square meter) facility located in Vista in the North County region of San Diego County, California. Contact Us

Capability

Injection Mold

Complex molded parts from virtually all thermoplastics

Integrated MRP System (IQMS)

Customized production molding and inspection procedures

Domestic sourcing for higher quality, shorter pipelines, smaller inventory, reduced schedule risk

Easy communications and quick response to changes in demand or configuration

Custom Molds

Fully integrated operationeverything in-house to design, fabricate and validate your mold in a production-molding environment.

Quick responseno delays between tooling and molding.

Reduced costsQuick-turn production molds can eliminate throw-away prototype tooling.

Single-point of contact for simplified communications, reduced schedule risk, less financial risk.

Engineering Design

In-house design expertisewith Solid Works, and AutoCAD

The screenshot displays the CONNECTORY web application interface. At the top, the browser address bar shows the URL <https://www.connectory.com/members/groups/my-test-group/documents/>. The application header includes a "Menu" icon, the CONNECTORY logo, and buttons for "Log Out" and "My Account". The main content area is titled "US Navy Opportunity" and identifies the group as a "Hidden Group" created "22 minutes ago". An invitation message states: "Inviting you to participate in early conversations in a business opportunity with a U.S. Navy systems command. Referral from John Doe of XYZ Inc. Initial conversations, after you accept the invitation, will require execution of a Teaming Agreement (TA) and Non-Disclosure". A "Leave Group" button is visible. Below this is a navigation bar with tabs for "Home", "Activity", "Documents" (which is active), and "Members" (showing 2 members). The "Documents List" section shows "Viewing item 1 to 1 (of 1 items)". A single document titled "NDA" is listed, categorized under "Agreements", uploaded by "Joe Smith" on "November 21, 2019", with the description "NDA Upload Request". Sorting options are set to "Order by: Newest" and "Category: All". The footer contains logos for the "SAN DIEGO WORKFORCE PARTNERSHIP" (with support from the San Diego Workforce Partnership), "PROPEL SAN DIEGO" (Driving Defense Resiliency), and the "U.S. Department of Defense Office of Economic Adjustment".

Foreign-Trade Zone No. 153

Program Overview

Foreign-Trade Zone – Overview

What is a Foreign-Trade Zone?

- (1) Federally Designated Area
- (2) Secured Facility outside of U.S. Customs Territory
- (3) Usage-Driven vs. Subzone
- (4) Production vs. Warehouse

Program Summary

History

1934 – Congress passes 19 U.S.C. §81a-§81u to establish FTZ program

1988 – FTZ Board establishes Zone No. 153, City of San Diego assigned as Grantee

2009 – Department of Commerce updates process; makes application & activation phases easier

Governance

Data Reporting & Site Confirmation

Duty & Inventory Control

Foreign-Trade Zone Benefits

**Defer, Reduce, or
Eliminate Duties**

Logistics

**Quality Control
and Exhibition**

Foreign-Trade Zone – No. 153

3 | Production Operators

10 | Warehouse Operators

4 | In Process

Foreign-Trade Zone No. 153 – Examples

Callaway Golf

International Inbond Logistics

General Dynamics / NASSCO

Foreign-Trade Zone – Process

Site Activation Process

- (1) Application Phase (~1 month*)
 - ✓ Alternative Site Framework (ASF) App
 - ✓ Grantee Concurrence of ASF app
 - ✓ FTZ Board Approval

- (2) Activation Phase (~2-5 months*)
 - ✓ CBP Onsite Inspection
 - ✓ CBP Survey Form and Background Checks
 - ✓ CBP Approval
 - ✓ Operating Agreement executed with Grantee

FTZ Operator General Dynamics / NASSCO

Total Processing Time = 3-6 months

Fee Schedule

Category	Usage-Driven	Subzone
Application Fees (<u>one-time</u>):		
Site Establishment / Boundary	\$1,600	\$2,500
Production / Manufacturing Facility	\$3,500	\$3,500
Operating Agreement Fees (<u>one-time</u>):		
	\$1,200	\$1,500
Annual Fees* (<u>recurring</u>):		
Usage-Driven Operator	\$7,200	-
Subzone Operator	-	\$10,000

**The annual fee for new operators will be "prorated" to reflect the actual FY date of activation.*

Zone Deactivation

FTZ operators may opt at anytime to deactivate their facility

- ✓ Requires Operator letter to Grantee requesting deactivation, and FTZ Board acknowledgement of deactivation status
- ✓ No fee required to deactivate
- ✓ No reimbursement of operator annual fees paid at time of deactivation

Annual Responsibilities

**Annual Fee to
Grantee**

**Record Keeping
for CBP**

OFIS

**Annual Report to
FTZ Board**

Propel San Diego is a Department of Defense (DoD) funded grant initiative lead by the City of San Diego, South County Economic Development Council, San Diego Regional Economic Development Corporation, East County Economic Development Council and the San Diego Military Advisory Council. The goal of this effort is to better understand the needs and opportunities for regional businesses that conduct defense-related work. Additionally, Propel San Diego aims to develop a resilient defense supply chain in the San Diego region that remains stable, despite changing budget priorities, and addresses both regional economic and DoD readiness priorities.

This project is funded in whole or in part with Community Economic Adjustment Assistance for Reductions in Defense Industry Employment funds provided by the U.S. Department of Defense - Office of Economic Adjustment to the City of San Diego.

SCEDC has made every effort to ensure the information conveyed in this Business Incentives Matrix is true and accurate as of its publication. Users are encouraged to contact Propel San Diego partners to find out the most current incentives available to businesses since the publication of this matrix.

Talent Attraction Marketing Assistance	A3																	

- A1** Small Local Business (SLB) Program - Register online with the city as a small business to receive benefits when bidding on city contracts.

A2 The Recycling Marketing Zone (RMDZ) provides economic incentives and technical services to businesses that divert waste from California's landfills while adding jobs and revenues to the local economy.

A3 The City of Carlsbad offers Talent Attraction Marketing Assistance through its talent attraction brand, "Life is Action," where businesses can get resources to market Carlsbad as an attractive location for employees in the City's key industry clusters.

A4 The HUB Zone Program helps small businesses in urban and rural communities gain preferential access to federal procurement opportunities (federal contracts).

A5 A Foreign-Trade Zone (FTZ) is a designated area that is physically located within the United States where merchandise imported into the FTZ is exempt from U.S. Customs' tariff while in the Zone.

A6 Local contracting preference points

A7 For large projects

A8 Veterans only

A9 HR Hotline that answers questions about workers' compensation, changes to labor law & minimum wage, terminations, employee handbooks, harassment issues, disciplinary issues, compliance and much more.

A10 Customized training reimburses employers up to 50 percent of the training costs associated with training new hires or existing employees. Employers determine the type and duration of the training.

A11 On-the-job training helps businesses offset the cost of training new employees on the job by reimbursing up to 50 percent of a new hire's wages for a maximum of 1,000 hours.

A12 Provides businesses at risk of laying off employees with business process improvement services in order to avert layoffs, stabilize companies and prevent downsizing.

A13 The CalJOBS system is California's online resource to help job seekers and employer's navigate the state's workforce services. The enhanced system allows users to easily find qualified candidates for employment.
- F1** Competitive flexible tax credit through the state of California.

F2 Provides gap loans to small and medium-sized businesses that do not meet the terms of traditional banks.

F3 San Diego Regional Revolving Loan Fund (SDRRLF) goal is to provide small business assistance and generate neighborhood commercial district revitalization.

F4 The Payable & Property Improvement Program (PIP) leverages public and private funds to make quality exterior improvements and enhancements to business properties.

F5 The Pollution Control Tax-Exempt Bond Financing Program provides private activity tax-exempt bond financing to California businesses for the acquisition, construction, or installation of qualified pollution control, waste disposal, waste recovery facilities, and the acquisition and installation of new equipment.

F6 Industrial Development Bonds (IDBs) provide manufacturing and processing companies low-cost, low-interest financing for capital expenditures. Eligible capital expenditures include the acquisition of land, building construction, building renovation and the purchase of machinery and equipment.

F7 Loan program
- P1** Certain San Diego businesses may be eligible to receive expedited review and approval of building and development-related permit applications.

P2 Expedited permitting allows businesses to complete their permitting process in a quicker timeframe. Please note that only businesses that meet specific requirements can apply for this process.

P3 For Targeted Commercial Areas: The South Escondido Boulevard and East Valley Parkway Commercial Corridors and the Downtown Revitalization Area.

P4 Businesses planning to establish or expand their business in Poway may arrange a pre-development meeting with Development Services staff to better understand City requirements for specific sites.

P5 PickPoway.com is Poway's customized site selection website designed to help businesses find locations in the City of Poway that best suit their needs.

P6 The City of Poway offers Express Plan Check turnaround times for certain types of building permits applications. These are typically building permits that are not complex and do not have many issues associated with them, and include commercial and industrial tenancy improvements less than 2,500 square feet.

P7 The Business Onboardment assists in resolving business related issues or challenges for the City's businesses.
- P9** To be eligible, you must have a business that is either expanding its floor area or constructing a new building within the Escondido city limits.

P10 The Western Chula Vista CFD (CFD 174) allows for the deferral of certain development impacts fees for projects located in industrial, commercial and high density residential zones located throughout Western Chula Vista and the Chula Vista Auto Park. The program allows the fees to be deferred for 10 years, with repayment in years 11 – 30. Deferred fees accrue interest at two percent (2%) per annum.

P11 Permit fee deferral eligible for new construction only

P12 Site search assistance

P13 Deferral of development impact fees

P14 Early assistance meetings/development meetings

P15 If workable permits

P16 Vacancies listed on website

P17 Has development team in project assistance center

P18 No development impact fees

P19 Permit fee reduction

P20 Expedited permit processing for lower income housing developments.

P21 Permit fee deferral

P22 For larger projects serving the greater good

P23 Projects with a large impact

P24 Informal process depends on type of project

P25 Permit fee waiver

P26 Informal service

P27 Permit expediting
- R1** Partial Sales Tax Exemption affords businesses a 4.19 percent state sales tax exemption to reduce the tax on manufacturing and research & development equipment purchases.

R2 Business Cooperation Program - can provide sales and use tax rebates of \$0.25/ dollar of local tax allocated to the City of San Diego when a business implements new practices for sales, purchasing or tax accounting.

R3 Guaranteed Water for Industry Program - Savings on water rates and exemption from conservation measures.

R4 Take advantage of Energy Efficiency Business Rebates that help your business offset the cost of installing energy-efficient equipment.

R5 Property Assessed Clean Energy (PACE) financing allows property owners to make energy efficiency, renewable energy, and water conservation improvements to their property and repay the costs over time on their property tax bills. Property owners can finance energy and water improvements for up to 30 years and repay through their property taxes.

R6 Aimed at retaining and attracting production jobs and economic activity across the state, the California Film Commission's Film and TV Tax Credit Program 2.0 provides incentives for a wide range of project types including big-budget feature films, TV pilots and 1-to TV series for any distribution outlet.

R7 Water efficient plumbing fixture rebates through the San Diego County Water Authority.

R8 Sales tax rebate

R9 Solar rebates

R10 California HERO energy program

R11 Property tax rebates

R12 Water savings incentive program provides financial incentives to non-residential customers for customized water-efficiency projects.

R13 For large projects

R14 Low water plumbing fixtures

R15 Landscaping equipment

R16 HVAC equipment rebates

R17 Medical and dental equipment

R19 The County of San Diego Green Building Incentive Program is designed to promote energy efficiency, use of resource efficient construction materials, and water conservation in new and rehabilitated residential and commercial buildings. Eligible participants can benefit from various program incentives.

R20 The California Research Credit reduces income or franchise tax. Businesses qualify for the credit if they paid or incurred qualified research expenses while conducting qualified research in California.

Cybersecurity Learning Labs

5 Professionally led session.

5 hours per session.

Curriculum specific for small business.

Current success stories and practical applications from two small business owners.

Preparations for the new Cyber Maturity Model Certification which will impact doing business with the GOV.

The progression of the Learning Labs will ideally follow this model:

1. Informing the cohort companies of the threats the Department of Defense (DOD) supply chain faces.
2. Understand the actions the DOD has taken to protect their information.
3. Reviewing and explaining the cybersecurity controls required by the DOD.
4. Crafting a company specific plan to comply with these cybersecurity controls and putting these controls into action within their organizations.
5. Continually reviewing and updating these policies/controls/processes to make sure they are as secure as possible.
