General

San Diego SMB Reopening Guide

Above all, COVID-19 is a global health crisis that threatens lives.

This document is meant as a guide for navigating the world of Covid-19 regulations and recommendations for re-opening businesses put forth by public authorities and business experts. This guide attempts to consolidate and streamline the business owner's research process and is not meant as an exhaustive list of resources. We do not offer recommendations on the sufficiency, adequacy or effectiveness on the measures therein. You may derive no rights or make decisions based solely on this material.

This guide focuses on health protocols and business advice for small and medium sized business owners. Covid-19 poses many other critical challenges for society, like unemployment, child care, and mental health, that also deserve diligent attention and intervention.

DISCLAIMER

This guide does not constitute legal, accounting, tax, medical or other such professional advice normally provided by licensed or certified practitioners. It will be your responsibility, and that of your advisors, to define applicable legal and regulatory requirements and to ensure compliance with applicable laws, rules and regulations. We do not intend to supplant management or other decision-making bodies, and you remain solely responsible for your decisions and actions, including those relating to manufacturing, product release, regulatory reporting and market action. We make no representation or warranty, express or implied, and expressly disclaim any liabilities relating to your manufacturing operations, compliance, quality, R&D and regulatory processes and products.
